# Your Resource, Our Strength

**Adrienne M. Bowden, Central President and NEA Director**

Welcome back to the start of the 2021-2022 school year! Thank you for belonging to the Central OEA/NEA District. We are proud that you are a member and part of the more than 23,000 teachers and education support professionals in the Central Ohio area. This year the first issue of the Communique is designed to serve as a member resource guide to provide an overview to help you make the most of your Central OEA/NEA membership.

Central OEA/NEA strives to provide support, financial resources, and professional development experiences to our Locals and members so that you may continue to shape the lives of our Central Ohio students. Please review the resources in this guide to find the opportunities that are right for you! Check out our website for details on the conferences, scholarships, grants, and committee work we offer.

As members, we continue to use our collective strength to ensure that resources and opportunities are directed towards students and the families we serve. Our working conditions are the students' learning conditions! We saw last year our collective power used to ensure all students received quality public school education resources, opportunities, and safety measures, equitably. This year, it will be important how we as an educational community work with the community at large to create safe, stable, and nurturing environments where our students and members can be successful and thrive.

Central OEA/NEA will be here to support you in your work and educational advocacy. I wish you a successful and safe school year!

Please let us know if we can help you or your Local during this year.

In solidarity,

Adrienne M Bowden  
President, Central OEA/NEA

# Free Professional Development and CEU's

The Membership Development Committee is privileged to present professional conferences for Central members. They are always open and free to all, provide CEUs and are opportunities to network with other educators.

**The Power Up Conference** will be Saturday, March 5, 2022 via Zoom. Topics have included student and educator wellbeing, advocating at the local level, professional code of conduct training, social media awareness and more.

**The Local Leader Retreat** takes place June 13-14, 2022. It offers training specific to current and future leaders. It includes sessions for local presidents/vice presidents, new/ experienced treasurers, association representatives and emerging leaders. The most important part of this retreat though is time to work together as a leadership group to plan for the coming year or deal with issues in your local.

The Member Engagement Committee provides members with opportunities year-round, from the annual **Diversity Conference** scheduled for January 22, 2022, to 1-hour virtual **Speaker Series** sessions throughout the year. ## The OEA Higher Education Benefit

With the OEA Higher Education Benefit, you and your family members can earn an associate degree online from a public, accredited community college – with no out-of-pocket costs to you. This can save you thousands of dollars. And the process is simple. To learn more visit [freecollege.ohea.org](http://freecollege.ohea.org)

# Conferences and Scholarships

Central, OEA, and NEA offer many professional development opportunities throughout the year. Your Central OEA/NEA District provides several scholarships to help with the expenses of attending various conferences both in-state and around the country.

These scholarships will help pay for the cost of transportation, including your flight, hotel, meals, and conference fees. All you need to do is log on to Central's website [www.centraloanea.org](http://www.centraloanea.org) and apply. There will be a limited number of scholarships offered for the national conferences. It is our goal to offer the opportunity to members who have not experienced an NEA conference.

It is the goal to safely have conferences in-person once again, however; some may remain virtual. Dates and times for many of the conferences have not been released; please check the website and the various forms of communication from Central for updated information, including dates and when the scholarship forms will become available. The online application process is fast and simple.

On Central's website, you will find a complete list of conferences along with descriptions.

Here are examples of a few:

OEA Advocacy and Organizing Institute, OEA Summer Academy, NEA Leadership Summit, NEA ESP National Conference (March 25-27, 2022 – New Orleans), and NEA Retired Conference. If there is an OEA or NEA conference, we've likely got a scholarship for it.

## Vivian Brown Educational Scholarship for College Students

The Central OEA/NEA Vivian Brown Educational Scholarship for College Students is offered in memory of Central OEA/NEA member Vivian Brown, who dedicated her life to the purpose of public education and the mentoring of future educators.

The Purpose of the Central OEA/NEA Vivian Brown Educational Scholarship for College Students is to provide \$1,000 scholarships to students pursuing a degree in education at an Ohio college or university.

The Vivian Brown Scholarship for College Students will be awarded each spring to the child of a Central OEA/NEA member who is enrolled in an Ohio university or college course of study leading to a degree in education.

## Lobby Day Substitute Grant

To allow members to participate in lobby days, where they may not otherwise be able to, Central can award up to \$100 per local to cover the expense of a substitute. To qualify, the local must have conducted an FCPE drive. Apply online [www.centraloanea.org/lobby-day-substitute-grant!](http://www.centraloanea.org/lobby-day-substitute-grant!)

# Grants, Grants, Grants

It pays to get involved...literally! Up to \$1300 in **Local Participation Incentives** can be earned for each Local this year! Ask not what your union can do for you, but what you can do for your union. Members can become an Education Advocate Leader, run in your Local as a delegate to the Central and OEA Representative Assemblies, or attend one of Central's professional development opportunities. We are happy to help you get started and will support you in any of these activities—just ask! Check out our website for activities and register there.

The Central Board established the **COVID-19 Grant** disbursing funds through the COVID-19 grants to all of our applying Locals! Realizing that this academic year may have continuing challenges, Central's Board is extending this grant another year. The 2021-22 COVID-19 Grant can be for anything your union or its members need—share your ideas with local leaders.

Central OEA/NEA'S **Public Relations Grant** is designed to provide support to Locals engaging their members with the community. Grant funds can be used for a variety of items or activities including, but not limited to: apparel, awards, banners, buttons, fair/festival booth, involvement in community charitable events, sponsoring youth events, races, community parades, or yard signs to welcome kindergarteners or honor graduates. If you have an activity that will bolster the image of your Local in the community, please share your ideas with Local leaders! Central's Locals are eligible for a Public Relations Grant of up to \$500 once every three years.

Central's **Growth & Development Grant** is as easy as ever, and there is no limit to the number of times or the amount for which a Local can apply. We want to keep your Local strong and build leadership. To that end, the online application now includes a menu of growth and development activities based on activities proven to develop new leaders and

engage members. As a union member, we encourage you to volunteer and work with your Local leadership to go through the menu and choose a few activities for the year, then submit the application. Some of these may be activities that your Local has wanted to try but lacked the funding to get them started. Let us help you get the ball rolling. The GDG grant coordinator can earn a stipend from Central.

The **Local Emergency Grant Program** was created to assist Local Associations with projects of an immediate or urgent nature. Community initiatives such as a school district levy or bond campaigns are examples of activities that align with the intended target of these grants. Some funding has been for postcards, postage, printing costs, refreshments for levy committee meetings, support to the levy committee, etc. This grant is available to all of our Locals once a year, and Local Association leadership may apply for this as needed.

As a member, you can work with local leaders to assist in the application process. Central grant applications are reviewed monthly throughout the year, and Locals may apply for each type of grant. Most grants have a once-a-year limit except for the Public Relations Grant, which is once every three years, and the Growth & Development Grant, which has no limit. We look forward to seeing your Local's applications soon! There is more information on our website, [www.centraloeanea.org](http://www.centraloeanea.org), where you will also find the online applications. Central's Project Manager ([pm@centraloeanea.org](mailto:pm@centraloeanea.org)), Sue Chaney, is eager to assist and answer questions.

## Personal Favorite:

When we started checking into life insurance, we began with the company we used for home and auto insurance. The prices were way more than we were willing to spend. Next, we checked with the insurance company that offers supplemental benefits through our work insurance. The cost was better but still higher than we wanted. Finally, we got a quote from NEA. We were able to pay less and get almost double the benefits compared to the previous quotes we had gotten.

# Know Your Weingarten Rights

Every OEA member is guaranteed the right to union representation during an investigatory interview conducted by his or her employer if the interview could in any way lead to discipline, including termination, or could affect the member's personal or working conditions. In this situation, the member should request that an association representative or officer be present at the meeting. Without this representation, the member has the right to choose not to answer any questions per the United States Supreme Court case of *NLRB v. J. Weingarten, Inc.*, 420 U.S. 251 (1975). It is very important to remember that the employer does not have to advise an employee of his or her rights under Weingarten.

OEA suggests that representation occur any time the purpose of the meeting is any of the following:

- Any type of disciplinary action;
- Investigation meeting;
- Reprimand;
- Infraction of a work rule or board policy;
- Questions concerning a request or use of any leave;
- Allegations of abuse; and
- Parental, student or community complaint.

Members should ask their principal, supervisor, or other management personnel to clarify the purpose of the meeting to determine if association representation is needed. We recommend using the following language to ensure your rights:

If the discussion I am being asked to enter into could in any way lead to my discipline or termination or affect my personal working conditions, I ask that an association representative or officer be present at the meeting. Without representation, I choose not to answer any questions. That is my right under a U.S. Supreme Court decision called Weingarten.

When the employee makes the request for an Association Representative to be present, the employer can do any of the following: (1) stop questioning until the representative arrives; (2) cancel the interview; or (3) tell the employee it will cancel the interview unless the employee voluntarily gives up his or her rights to representation. No member should ever waive his or her right to representation.

For more information about your rights as an OEA member, speak to your Labor Relations Consultant.

Elected officials enact policies that affect our students, our schools and the daily lives of educators. Decisions regarding school funding, services, curriculum standards, licensure, class sizes and teacher evaluation are all made by elected officials. As Ohio's legislators consider policies that affect public education, they must hear from educators—the true experts on education issues. As teachers, faculty and education support professionals, OEA members should get involved in these decisions and make their voices heard.

# Curious About Getting Involved in the Union? Join the Emerging Leaders Program!

Ashley Lambacher

Two years ago, I was volunteered by a friend to join the Emerging Leaders program through Central OEA/NEA. To give you some background, I'm quiet, an introvert, and not a "take charge" kind of person, so to have someone suggest I be a part of a program about leaders in the union was scary! I actually thought my friend had lost her mind.

But I had just spent the year as a building representative for my local union, and it was clear I still had much to learn. My curiosity got the better of me, and I trusted my friend, so I decided to attend. Wow -- I am so glad I did! This program opened my eyes and I was able to learn so much about the union at all the different levels. I now have a better understanding of myself and my leadership style, the struggles and victories other unions have dealt with, parliamentary procedures, the roles of different leadership in the union, how the union specifically helps students and teachers in

a variety of ways, and various experiences of those in the union from different locals. It also helped me understand more about Central OEA/NEA's committees and where I can best use my skills. (It didn't hurt that there was always a delicious dinner ready to eat, reimbursement for my travel, and gracious and friendly members willing to chat.)

If you are wanting to learn more about the union and how you can get involved, please register for the Emerging Leaders program. As someone who thought she'd be the last person who would be a good fit for such a program, I promise you -- you won't regret it!

To find out more contact our emerging leaders committee at [emerging.leaders@centraloearna.org](mailto:emerging.leaders@centraloearna.org). Training dates will be finalized and posted on our website in early September.
